

The Online Teaching Certificate

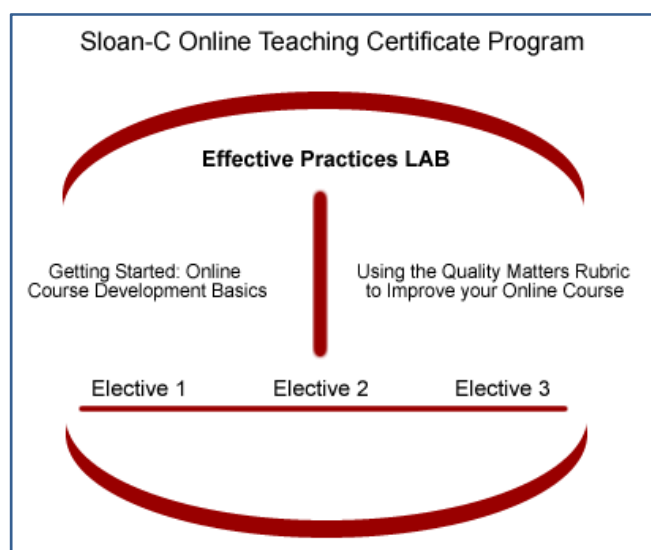

The Sloan-C Online Teaching Certificate is a sequence of 3 foundational courses and 3 electives leading from theory to implementation, based on Sloan-C's five pillars of quality in online education: learning effectiveness, student satisfaction, access, faculty satisfaction, and scale. The Online Teaching Certificate foundational series costs \$1499. Three additional electives may be funded by coupons available through Sloan-C membership discounts and the Sloan-C College Pass professional development package.

Foundational Courses

Each participant is individually mentored during the foundational courses which are taken together in a 9-week sequence:

- Getting Started: Online Course Development Basics (3 weeks)
- Using the Quality Matters Rubric to Improve Your Online Course (3 weeks)
- Effective Practices Laboratory (9 weeks concurrently with Getting Started, Using Quality Matters and 3 elective courses)

Elective Courses

3 Electives may be chosen from dozens of Sloan-C Workshops, which have been widely acclaimed among professional development organizations in online education. These workshops may be funded via membership and professional development package (College Pass) coupons.
